

To whom it may concern:

I would like to recommend Gulbakhyt Tursymbayeva as a candidate for the program. Gulbakhyt was employed as an English conversation club moderator.

Throughout her time with our organization, she demonstrated critical skills that would make her an excellent participant of the program. She showed a high interest in education and fully understands the values that education carries.

Gulbakhyt has excellent communication skills, is extremely organized, can work independently, and is able to effectively engage students into conversation. Because of her effectiveness, she worked with different age categories and moderated special events for students such as Sunday coffee breaks for students. Students gave positive feedback about her moderating abilities.

Gulbakhyt was always willing to offer her assistance and had an excellent motivation to accomplish her responsibilities. Although she worked as a foreign volunteer in Azerbaijan, she adapted very fast and became a good friend of both employees and students. She developed an interesting program for the conversation club, where she introduced the Sustainable Development Goals of UN and increased the awareness of students about the equality issues. This would be particularly valuable for your program, as you state you are looking for a candidate who has leadership potential in global citizenship education.

Sincerely,
