LOGIC	10	8	0	2	7.5
SCIENCES	10	9	0	1	8.75
READING COMPREHENSION	10	10	0	0	10
TEST TOTAL SCORE					42.5

The university centres participating in the English TOLC-I accept the validity regardless of the centre where the test was attended, provided that it satisfies the threshold, criteria and delivery methods set by the centre to pass the test.

As stated in the regulation to participate in the English TOLC-I, each centre can convert the final score – TEST TOTAL SCORE above – according to their own evaluation criteria and system; in this case the validity of the test depends on the results of the conversion. In order to know the minimum score required, candidates need to consult the call for applications or teaching regulations published by universities.

This certificate should be submitted to the university in which the student plans to enrol and that participate in the English TOLC-I.

The list of centres participating in the English TOLC-I can be consulted on the CISIA website:
